February 08, 2022

Report

The Departments of Biotechnology of I.B. (PG) College, Panipat & Dyal Singh College, Karnal jointly organized the National Webinar on Biotechnology & Human Welfare 2022 on Tuesday, February 08, 2022. Dr. Aditi Shreeya Bali, Head, Department of Biotechnology, Dyal Singh College, Karnal welcomed all the guests. The session was presided over by Dr. Ashima Gakhar, Principal, Dyal Singh College, Karnal. In her address she shared how Biotechnology is not a new branch of science, instead, it is something that we've been practicing for ages. Farmers selecting the best-suited crops, having the highest yields, better shelf lives, making curd, which uses bacteria, and selectively breeding animals is all biotechnology only. She urged the participants to reflect on the knowledge they gained today and use it to develop new ideas to solve the problems faced by our society using biotechnology. Hereafter, Dr. Shweta Yadav, Head, Department of Zoology, introduced the speaker of the first session, Dr. Pooja Sharma, Assistant Professor, Department of Biotechnology, MMDU-Mullana (Ambala). Dr. Shweta enlightened the participants about the research interests of the speaker and her current affiliations. After this, Dr. Pooja Sharma delivered the talk on "A demand of biological nitrogen fixation to improve the nitrogen use efficiency in cereals". She enlightened us about the importance of nitrogen to plants and the use of diazotrophs in nitrogen fixation that will help increase the nitrogen use efficiency and growth of the plants. She further explained the role of different world organizations and the current scenario related to research on nitrogen fixation in plants. Next, Dr. Amanpreet Kaur Kalsi, Assistant Professor, Department of Zoology, proposed a formal vote of thanks for the first session of the webinar.

In the Evening session of the national webinar, Dr. Nidhan Singh, Head, Department of Biotechnology, I.B. (PG) College, Panipat welcomed all the guests. The session was presided over by Dr. Ajay Kumar Garg, Principal, I.B. (PG) College, Panipat. In his address, he emphasized the emerging role of biotechnology in our day-to-day activities. Next, Dr. Nidhan Singh introduced the speaker for this session, Dr. Anil K. Sharma, Head and Professor, Department of Biotechnology, MMDU, Mullana. Dr. Nidhan enlightened the participants about the research temperaments of the speaker. After this, Dr. Anil K. Sharma delivered the talk on "Tumour markers providing a therapeutic window for the diagnosis of Breast Cancer: Current Trends and Future Prospects". The speaker enlightened the participants about the reason for breast cancer at a young age. The expression of genes responsible for this disease was also discussed. The speaker also discussed his own research that compared the mean mRNA expression of BRCA1 of malignant samples of Indian and Iraqi cancer patients. He emphasized that dietary factors play a major role in health and one should avoid exposure to carcinogens. Later, the speaker discussed the role of microbial flora in the host-defense mechanism. More than 170 participants attended the webinar. Later, Mr. Pawan Kumar, Head, Department of Zoology, I.B.
