

# **Analysis Report on Feedback Collected from Different Stakeholders for Academic Year: 2022-23**

## **INTRODUCTION**

Some people are the most important stakeholders of Higher Education systems such as students, teachers, alumni and employers. The interest and participation of these stakeholders at all levels in both internal quality assurance and external quality assurance have to play a central role. Since 2019-20, the college has started online feedback system. We have collected online feedback from students, teachers, alumni through google forms and received a good amount of feedback. IQAC cell collects feedback from employers in physical mode through a questionnaire filled by them during placement drives in college. Placement cell organises placement drives for final year students on regular basis every year. Infosys, Tech Mahindra, Wipro, Varinda global and ICICI bank are our regular employers.

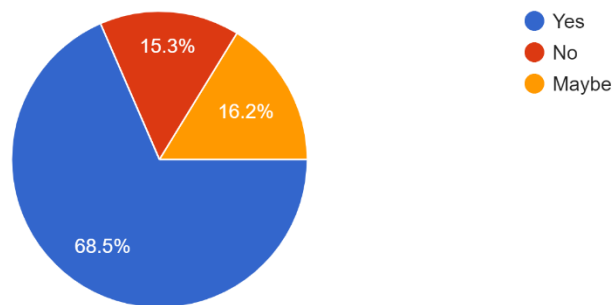

The IQAC Committee of the institution designs and collects feedback from the stakeholders such as students, teachers, alumni and employers to monitor and evaluate its performance quality on curriculum related issues. Once the feedback is analysed and valuable suggestions are considered then necessary action is taken. Hence for the session 2022-23 multiple questionnaires consisting of various questions were framed for different stakeholders by the IQAC Committee.

## Teachers' Feedback

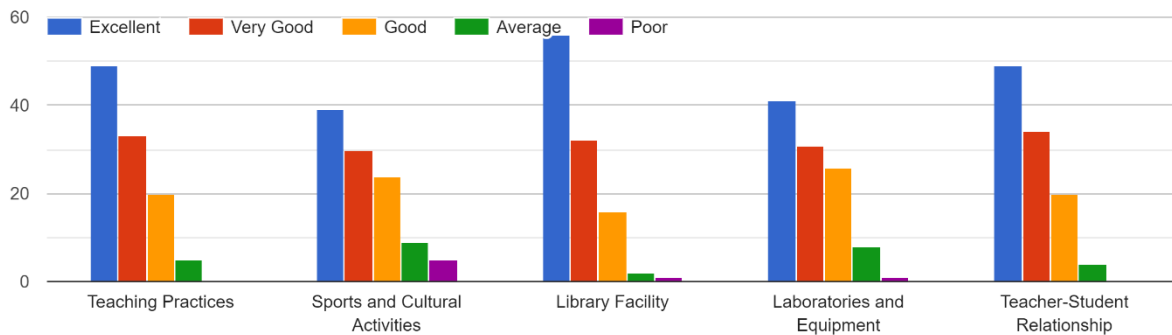

*Bakhar .*  
Principal  
Dyal Singh College  
KARNAL

Feedback from 76 teachers was collected regarding their views towards the syllabus and its transactions. Almost all teachers feel that environment of the college is conducive to teaching and learning. The feedback received from teachers is extremely satisfactory. All respondent teachers feel that examination system of college is very effective. Sports and library resources are properly utilised by the students and the faculty. Teachers have been motivated to organise and participate in seminars and conferences by the authorities. Some teachers suggest that there should be more courses for students in college like add on and value added.

**ALUMNI FEEDBACK (2022-23)**

satisfactory. Some alumni gave very good suggestions as college should organise alumni meet more frequently, do more efforts to connect more alumni.

### **Employer Feedback**

The questionnaire contains different questions regarding different parameters of student behaviour and their work attitude like Communication, Skills Ability to learn new things, Proactiveness, Team Work, Leadership Skills, Managerial Skills, Technical knowledge and skills, analytical and problem-solving skills, analytical and problem-solving skills and Ability to take up extra responsibility.

Very positive feedback on the curriculum was received from the employer. They agree that the curriculum is helpful in enhancing team-work, developing analytical and problem-solving skills, enhancing constructive learning ability, developing communication skills and it has relevance to real-life situations, reflects current trends and practices in the respective disciplines. They also suggested that the college should focus more on strengthening vocational courses to enhance self-employability of its students, improving communication skills. Personality development must be an integral part of the curriculum and short-term skill-based courses can be introduced.

### **ACTION TAKEN REPORT**

The suggestions received through the feedback are promptly communicated to the members of various Boards of Studies of university. Since the institution is an affiliated college, it has to follow the syllabus formulated by the university. The college has no authority to design or reconstruct the syllabi. It can only communicate its concerns

regarding curriculum to the University through the teachers who are the members of BoS committee.
