We are confident that this internship program will provide your students with experiential learning that complements academic instruction and prepares them for future job market challenges.

As part of this initiative, we also plan to host guest lectures and interactive sessions with industry professionals and subject-matter experts in the fields of e-commerce, entrepreneurship, and financial literacy. These engagements will offer students valuable insights, mentorship, and exposure to real-world business dynamics.

We sincerely request your support in facilitating this program, including institutional approval, promotion among eligible students, and access to college infrastructure where applicable. We also welcome any suggestions or customizations to ensure that the program aligns well with your academic objectives.

We look forward to your positive response and hope to embark on a meaningful collaboration that nurtures innovation, financial responsibility, and entrepreneurial excellence among your students.

Thank you for your time and consideration.

Warm regards,

Rohit Gupta
